For the second year in a row, India has emerged as the fastest growing major economy in the world. Driven by decisive, structural and bold changes, the entire business landscape is transforming with policies and processes that are more inclusive and growth-aligned.

# What does all this mean?

It means a sustained growth trajectory in the near, mid and long term. It means unprecedented opportunities for expansion in key industries and sectors. Unlocking these opportunities will require an adequate supply of capital and finance.

NBFCs will play an increasingly important role by bridging the demand gap. With their deep understanding of financial markets and strong industry insight, NBFCs create best-fit for financing and capital solutions, becoming key catalysts that help clients move into the next phase of growth and expansion.

At IndoStar Capital Finance Ltd. (IndoStar), we are poised and prepared to capitalise on this opportunity. For the last six years, we have demonstrated an unquestionable track-record of growth, outperforming the sector with an enviable 39% CAGR in our Total Assets and an over 52% CAGR in Total Income.

# We have proven performance

We are now leveraging our expertise and experience, strength and capabilities to expand and accelerate growth. We have ambitious plans to align with the larger Indian consumption story by foraying into Retail, Asset and Housing finance. We are developing new portfolio of products suited for SME lending. We are expanding our footprint across India and building our team strength.

# We are transforming to grow

# HIGHLIGHTS OF THE YEAR

### **FINANCIAL HIGHLIGHTS**

### **OPERATIONAL HIGHLIGHTS**

IndoStar Home Finance Private Limited (IHF), a wholly-owned subsidiary of IndoStar Capital received a Home Finance Licence from the National Housing Bank in August 2016, proposes to start its operations by H2 FY18. IHF will focus on small-ticket lending to self-employed and salaried individuals, which is a large untapped market.

We are now present in 10 locations of India, where we offer loans to SMEs against property as collateral and we have set-up a new Retail corporate office in Mumbai.

We have recruited people with strong retail financial services backgrounds across levels and an expert senior management team to spearhead the growing SME and Retail businesses.

# MESSAGE FROM THE EXECUTIVE VICE-CHAIRMAN AND CEO

After going through a prolonged phase of sluggishness, the global economy is finally showing signs of pickup in growth. The World Economic Outlook, published by the International Monetary Fund (IMF), estimates that global growth will accelerate to 3.5% in 2017 and 3.6% in 2018, compared to 3.1% in 2016.

Dear Shareholders

Being my maiden year with IndoStar, it gives me great pleasure to present to you the results for FY17. It is indeed a privilege to take over the reins of this Company at a time when it has delivered a proven performance and I look forward to overseeing the next phase of transformation for growth. I especially feel fortunate that my stint at IndoStar begins at a time when both domestic and macro-economic indicators have begun to look promising.

After going through a prolonged phase of sluggishness, the global economy is finally showing signs of pick-up in growth. The World Economic Outlook, published by the International Monetary Fund (IMF), estimates that global growth will accelerate to 3.5% in 2017 and 3.6% in 2018, compared to 3.1% in 2016. Economic growth in the UK is steady and despite the initial apprehension regarding the Trump administration, the US has displayed strong growth too. The Eurozone also seems to be out of the woods as elections in France, Italy and other nations have panned out in favour of more progressive leaders. All these developments signal an uptick in global growth in the coming years.

In India, despite significant macro-headwinds, GDP growth has remained strong and will become more sustainable in the near future on the back of various long-term reforms initiated by the incumbent government. Spurred on by a near normal monsoon in 2016 and increased spending on key sectors, the Indian economy is on track for consistent growth in the years to come.

With businesses in various sectors and industries planning significant capital expenditure to start new projects and fast-track existing ones, getting funding and capital financing solutions will prove to be a key factor to encashing growth.

Over the past few years, while banks were encumbered with strengthening of their balance sheets, the NBFC sector has effectively supported growth in the economy. NBFCs have transformed to become an integral part of the financial ecosystem and have shown steady year-on-year growth. NBFCs have progressed rapidly by implementing innovative schemes, lowering cost structures and offering customer-centric solutions. Further, NBFCs have become very structured with strong risk-management and governance processes and practices.

Today, we are at an interesting cusp, where opportunities meet abilities. The opportunities for financial services players, with proven track records for value creation, are enormous. With our financial prudence, experience and expertise multiplied with our talent pool, technology and teamwork, we feel confident that we are perfectly positioned to convert opportunities into further success. We will be strengthening our business by nurturing existing relationships and adding more product lines while expanding our geographic presence as we enter into new segments.

#### •••

TODAY, WE BELIEVE WE ARE AT AN INTERESTING CUSP WHERE OPPORTUNITIES MEET ABILITIES. THE OPPORTUNITIES FOR FINANCIAL SERVICES PLAYERS, WITH A PROVEN TRACK RECORD FOR VALUE CREATION, ARE ENORMOUS.

A series of proposals have been announced to boost small entrepreneurs, which is creating credit demand in the market. All these changes will result in fresh financing opportunities for IndoStar. Recently, we have expanded our SME operations to 6 new locations. With this, we are now present in 10 major cities of India; namely Hyderabad, Chennai, Bengaluru, Mumbai, Pune, Surat, Ahmedabad, Jaipur, Delhi and Indore. We are confident of achieving success in the SME financing segment. Our unique proposition for clients from this domain is that we offer customised loans that take into account not only their funding requirements but their cashflow patterns so that repayments do not impinge on their growth.

During the year, we received a Housing Finance licence from the National Housing Bank for our 100% owned Housing Finance Subsidiary - IndoStar Home Finance Private Limited. The well-considered, strategic gambit to enter this segment has been validated by the plethora of policy initiatives that have been undertaken by the government in the real estate and affordable housing sector. These include refinance of individual housing loans by the National Housing Bank, larger allocation under the Pradhan Mantri Awas Yojna, granting industry status to affordable housing and profit-linked income tax deductions for promoters, based on carpet area instead of built up area. All these measures reinforce our confidence that this sector holds enormous opportunity in the future and the belief that our entry has been timed well.

Further, we look forward to our advent into Asset financing while adding more products in our Mortgage financing category as we envisage immense demand for funds in these segments. In our assessment, this funding opportunity provides a win-win situation for both IndoStar and our clients. As a lender, it gives us an opportunity to expand and diversify our loan portfolio with minimal risk, due to the secured nature of such loans. At the same time, our borrowers have access to funds that enable them to build assets.

Last, but certainly not the least, we will continue to focus on our corporate lending business as it is the foundation on which we have grown so far. We will continue to make efforts towards servicing the entire needs of existing clients while we augment our client base in this segment.

In all the segments in which we operate, we strive to excel in customer service as we realise that their satisfaction is the key to our growth. Towards this end, we foresee the development of new branches for customer outreach, larger teams to cater to customers,

#### •••

INDOSTAR IS PREPARED TO MAKE THE MOST OF THESE OPPORTUNITIES WITH THE STRENGTH AND STABILITY THAT IT HAS BUILT UNTIL NOW. OVER THE PAST SIX YEARS, THE COMPANY HAS CEASELESSLY WORKED TOWARDS IMPROVING THE PERFORMANCE. THESE EFFORTS HAVE DELIVERED DESIRED RESULTS AS WE NOW HAVE A DIVERSIFIED AND GROWING ASSET BOOK, STRONG RELATIONSHIPS WITH CUSTOMERS, ENCOURAGING ESCALATION IN REVENUES AND IMPROVEMENT IN PROFITABILITY AND CREDIT QUALITY.

more products to meet their financial needs and more segments of clients to service.

At IndoStar, we have PROVEN PERFORMANCE that is reflected in our consistently exceptional financial metrics. During the year, our Total Income increased by 12% from ₹ 644 crore to ₹ 720 crore. Our PAT also kept pace, increasing by 10% to ₹ 211 crore in FY17. Our Net Worth saw a leap of 23% to ₹ 1,903 crore and Total Assets increased by 17% to ₹ 5,489 crore and our borrowings increased by 12% to ₹ 3,373 crore during the same period.

Over the past six years, IndoStar has ceaselessly worked towards improving its performance. These efforts have delivered desired results as we now have a diversified and growing asset book, strong relationships with customers, encouraging escalation in revenues and improvement in profitability and credit quality. With carefully crafted strategies, that are buttressed by sophisticated analytics, a conservative operating philosophy and a well-defined risk appetite framework, we are geared for the next phase of growth.

Despite these achievements, we see ourselves at a point of inflection in anticipation of an acceleration of growth due to a transformation in our business boundaries. We are now looking ahead with excitement as we are TRANSFORMING TO GROW.

While the journey has been exciting so far, we are confident that the best is yet to come. The economy is transforming and preparing to move to a higher trajectory of growth and IndoStar sees itself as a partner in this mission as we meet the rapidly growing funding needs of various segments of the population, in the times ahead.

I would like to take this opportunity to express my gratitude to our shareholders, my colleagues, our customers and business partners who have contributed to our performance so far. With your support and trust in our vision and capabilities, we foray forward into FY2018 and beyond, with great enthusiasm and optimism in our mission to transform for growth.

Regards,

#### **R. Sridhar**

Executive Vice-Chairman and CEO

# THIS IS INDOSTAR

Over the span of six years, IndoStar has built its Corporate Lending business and has cemented relationships with large corporates while providing them financial assistance. The Corporate Lending practice at IndoStar specialises in offering customised, structured solutions to meet funding requirements of mid-to-large corporates.

Corporate lending being a core strength, the Company forayed into the SME segment in 2015 and now it offers loans to SMEs in 10 major cities of India. IndoStar proposes to commence Asset Finance operations and Home Loan operations by H2 FY18. We have built a strong base of client relationship by catering to more than 80 large and mid-sized corporates across India. Being sector agnostic, IndoStar has financed projects across sectors including real estate, cement, power, media, entertainment, dairy, financial services and infrastructure.

IndoStar is well regarded for its credit analysis and structuring capabilities in Corporate Lending. The Company has an active debt capital markets desk, which offers underwritten debt solutions to enable cost effective borrowing programmes for its clients. Corporate lending being a core strength, the Company forayed into SME Loan Against Property segment in 2015. In a span of two years, the SME LAP business spread across 10 locations in India to offer financial assistance for business expansion. During this expansion, we realised there is a huge demand gap in the remote sections of India. Thus, we intend to contribute towards the growth of the budding MSME segment by introducing more solutions to retail customers. Our focus in the coming years will be to enhance our product portfolio by adding Asset Financing and introducing more products under Mortgage Financing.

The Home Finance Business and Asset Finance Business is likely to commence operations by H2 FY18. Currently, we are in the process of firming up our Business Plans and putting in place the Distribution Network required to start the businesses.

#### **Resource Mobilisation**

IndoStar's approach to business and its conservative balance sheet philosophy has helped it develop a diversified base of lenders/investors. This, in turn, has helped reduce cost of funds for the Company and cater to its clients consistently, despite market vagaries.

IndoStar has mobilised resources as part of its liability planning from the banking system as well as from capital and money markets. The Company has relationships with over 25 banks, leading mutual funds, financial institutions and insurance companies. A consistent focus on building relationships with financial institutions, mutual funds and large investors strengthens IndoStar as a brand in the credit space.

#### **Credit Ratings**

As on May 10, 2017, IndoStar has been assessed with the highest short-term Rating of A1+ (plus) by Credit Analysis & Research Ltd (CARE), ICRA Limited and CRISIL Limited. It has been assessed with AA - (minus) for its long-term borrowings by CARE and India Rating & Research Private Limited (Fitch Group).

......

#### **Snapshot of Borrowings**

₹3,750cr Long-term borrowings ₹1,500cr Short-term borrowings

# STRONG SPONSORS

IndoStar is privileged to be backed by globally acclaimed and reputed financial institutions and private equity players. Beyond capital sponsorship, their expertise, is an important resource that the Company treasures and constantly taps into. With their support and guidance, IndoStar has become a growing Credit Institution and a force to reckon within the financial sector.

# EVERSTONE

#### **EVERSTONE GROUP**

Founded in 2006 by Atul Kapur and Sameer Sain, the Everstone Group is an India and Southeast Asia focussed investor with dedicated private equity and real estate funds. Headquartered in Singapore with Assets Under Management of approximately US\$ 4 billion, Everstone has significant resources and a strong institutional platform. Everstone has more than 200 people working across six offices - Singapore, Mumbai, Delhi, Bengaluru, Mauritius and London.

Everstone has a strong partnership-oriented culture and truly believes in working closely with entrepreneurs, corporations, asset owners and service providers to achieve mutual success. Everstone has an active operational, hands-on approach to its private equity and real estate investment management businesses with a focus on companies that benefit from domestic consumption within India and several other sectors such as energy and infrastructure services. It has been awarded 'Mid-Market Firm of the Year in Asia' for 2016, as well as 'Private Equity Firm of the Year in India' by Private Equity International for six consecutive years from 2011 to 2016.

# Goldman Sachs

#### **GOLDMAN SACHS**

Investment funds managed by the Goldman Sachs Investment Partners team, which is part of Goldman Sachs Asset Management.

#### **BEACON INDIA PRIVATE EQUITY FUND (BIPEF)**

BIPEF is a growth capital private equity fund with US\$ 320 million in AUM sponsored by Baer Capital Partners. BIPEF is registered in Mauritius and is regulated by the Mauritius Financial Services Commission.

#### **ACPI INVESTMENT MANAGERS**

ACPI Investment Managers is an independent, specialist provider of asset management solutions, managing assets in excess of US\$ 3 billion on behalf of institutional investors and high net worth clients from around the world. ACPI's expertise ranges across multiple asset classes such as equities, fixed income, cash management and alternative investments including client's principal investments.

The foundation of ACPI's business is the conviction that risk adjusted return, capital preservation and active portfolio management are of paramount importance.

#### **CDIB**

CDIB Capital was established in 2006, as the private equity arm of China Development Financial ("CDF" or the "Group"), with the objective to deploy and diversify the Group's proprietary capital outside of Taiwan.

中華開發資本國際

CDF is one of the largest and most established merchant banking groups in Greater China and Taiwan's first and leading direct investment firm with over 50 years of investing experience in the region. CDF had pioneered venture capital, private equity and investment banking in Taiwan and had deployed more than US\$ 2 billion of proprietary capital in over 300 portfolio companies across the region.

The combination of strong sponsorship and other shareholders, combined with a well-capitalised balance sheet and a highly profitable business, provides IndoStar an excellent base for the next level of growth.

# **PROVEN PERFORMANCE**

The past six years have validated our efforts and intentions to prove our performance to our stakeholders. With a sustainable performance under our belt, we look forward to transformation and growth in the years ahead...

Our total income has increased at a robust **CAGR of 52%** between FY12 and FY17.

Our net worth has also more than doubled over the past six years, marking a **CAGR of 15%**.

IndoStar's Profit After Tax has grown steadily at a **CAGR of 32%** between FY12 and FY17, despite a challenging macro-economic environment.

Assets have increased at a **CAGR of 39%** from ₹1,054 crore in FY12 to ₹5,489 crore in FY17.

Rewarding the trust of our shareholders, our return on Net Worth has grown steadily to **12.2% in FY17**.

IndoStar's borrowings have grown at a **CAGR of 102%** over the past 6 years, reflecting the confidence of institutional credit markets.

Our Debt/Equity ratio of **1.8** provide us with significant headroom for growth.

High capital adequacy gives us significant scope for growth.

# EMPHASIS ON STRONG GOVERNANCE PRACTICES

At IndoStar, we believe that sound corporate governance practices are the bedrock for the functioning of our Company. Following such practices enables creation of value for all our stakeholders on a sustainable and long-term basis. It is this philosophy which is our guiding light as we define and maintain an ethical framework within which we operate.

To ensure that our philosophy is internalised and translated into effective governance, we have put in place various committees and delegated powers for different functional areas so that they can effectively oversee the adoption of good corporate governance practices.

The Audit Committee, the Credit Committee, the Asset-Liability Management Committee, the Risk Management Committee, the Nomination and Remuneration Committee, the Corporate Social Responsibility Committee, the Debenture Committee and other Committees have been constituted in compliance with various laws applicable to the Company and for meeting internal requirements and operational convenience. The composition of these Committees, number of meetings held and attended by respective members, the roles, powers and responsibilities of the Committee members are all clearly enumerated.

In our experience of the past six years, our emphasis on governance and compliance has built up the trust and faith for all stakeholders and culminated in long-term relationships with our sponsors, employees, clients and all other stakeholders. On the back of good governance, transparency and customer-centric solutions, IndoStar is forging ahead in the Indian financial ecosystem.

# LASTING RELATIONSHIPS

# Marquee Clientele

## **SME success stories**

I approached IndoStar with a specific need of funds to start my own clinic. I am glad to say that the funds were given to me in a brisk time which helped to make my dream come true. I could successfully set my clinic and everything seems to be working fine now.

Thanks again to the team!!

BECHAN PRASAD PARTNER OF TRIMURTI FOOTWEAR

Ten years ago, our Trimurti retail footwear store was a small shop in the basement of a building at Karol Bagh in Delhi. We always wanted to open a store in the main market for good business. This was only possible with support of IndoStar's quick and easy loans. We have now opened up a bigger retail shop in prime location of Karol Bagh and have also added more stocks helping us grow our business.

Bechan Prasad, Delhi

#### KIRAN KHATIK LIVES DREAM OF A RESTAURATEUR

I own a cold storage and milk product shop in Mumbai and I had a dream to own a restaurant. IndoStar has helped me to fulfil my dream by funding my restaurant. They helped me process loan on time and simplified documentation for me. My restaurant has completed more than 2 years and I am very happy to live my dream.

### SHIVARAJ GOWDA'S QUEPREON

Quepreon is a six and half year old pharmaceutical company which functions into contract manufacturing of life saving injectables. We had approached IndoStar for working capital requirement and we received funding from them in quick time. This helped us grow our revenue and product basket, opening overseas market for us. IndoStar also provided us with additional finance for business growth. IndoStar has really partnered us in our transformational growth.

Shivaraj Gowda, Bengaluru

# STRATEGIC OVERVIEW

IndoStar began its journey in the financial sector as an NBFC with a focus on providing innovative and structured financial solutions to Indian corporates. With the support of prominent global financial institutions, including Everstone Capital, Goldman Sachs and others, this was the logical starting point for us as it was a business that our sponsors understood well.

Today, six years down the line, our foundation is strong and our performance has been proved. We are now looking further and aiming higher. Today, we are transforming to grow.

#### THE RETAIL FORAY

With the massive opportunity that lies in the demographics of our country, we seek to play a more participative role in the retail sector. As GDP increases at a steady rate, incomes at the family level are increasing too, and so are aspirations. However, a large proportion of our country finds it difficult to access loans to meet these aspirations, despite having a suitable credit profile. According to some estimates, 20-40% of our population is still unbanked or has dormant accounts and even those that do have bank accounts, largely on account of the ambitious financial inclusion initiative - the Pradhan Mantri Jan Dhan Yojana (PMJDY), still do not have access to loans from the formal financial sector. Going ahead, we look forward to financing the housing needs of this segment.

Moving in this direction would have multi-pronged benefits. On one hand, it would broaden the scope of business for IndoStar and enable us launch a whole new range of customised products. At the same time, it would diversify our portfolio as it would entail lending smaller ticket amounts to a much larger spread of customers. This will present a diversified contrast to our initial model of offering big ticket loans to a small number of corporates. Last, but not the least, it would enable us to participate in the demographic dividend that India is set to reap.

In the coming years, we plan to add more products under Mortgage Finance and also venture into Asset Financing. FY18 is going to be a crucial year for us as we are going to expand into new geographies with new teams and new products. While adding new products we will be growing and strengthening our core Corporate Lending business.

#### **SME LENDING**

Another opportunity that IndoStar has embarked upon is funding of the Small and Medium Enterprise sector. Here again, the scope is vast as the SME forms the backbone of the Indian economy. According to the SME Chamber of India, "Small and Medium Enterprises play a vital role for the growth of Indian economy by contributing 45% of the industrial output, 40% of exports, 42 million in employment, create one million jobs every year and produces more than 8,000 quality products for the Indian and international markets." However, a major obstacle to the growth of this sector has been the limited availability of finance from formal financial institutions due to lack of experience, absence of collaterals and infrastructure, poor financials and small ticket size. IndoStar, with its strong governance, client service and product innovation at its core, is suitably geared to provide structured solutions to meet the debt requirements of the SME sector.

#### LEVERAGING TECHNOLOGY

Other aspect of IndoStar's strategy of transformation for growth is the use of technology to facilitate its business. With user-friendly platforms and applications, credit appraisals, completing KYC and acquisition of clients becomes faster and more transparent. Further, data and analytics have become a crucial tool in most businesses today, especially those in the financial sector. Keeping these in mind, IndoStar envisages a greater role for technology within its operations.

#### **EXPANDING REACH & PRESENCE**

Finally, with the motive to serve retail clients, IndoStar expects to expand to new geographies in the years ahead. We have firm plans in place to expand our footprint across India in the coming year. With this expansion in physical presence, we plan a concomitant increase in human resources, systems and processes too.

# SOCIAL UPLIFTMENT INITIATIVES

In line with our CSR policy, we have channelled our efforts into supporting sanitation, empowering women through skill development and providing education to students from the weaker sections of society. We selected five NGOs to help us execute various project in these areas and chose projects that are around Mumbai and Pune, so that we could monitor them on a regular basis.

#### **PRATHAM**

IndoStar, along with the Pratham Mumbai Education Initiative, worked to improve the learning levels of children in the focussed age group of 3 to 14 years. The project also aims to address issues of child vulnerability. This programme was carried out in 40 communities of Quresh Nagar and Sangharsh Nagar slums in Kurla. It benefited around 6,113 children and 1,682 parents through a series of interventions planned to improve their learning levels as well provide the children with a good community to live in. In order to emphasise the importance of involvement of parents in the learning of the children, as well as increase parent's interaction with the children, Pratham connected with the parents of these children and taught them simple techniques through which they could teach their children at home and inculcate good habits and morals in them too.

#### **AVASARA**

IndoStar supported two programmes of Avasara, namely, Avasara Academy and Avasara Leadership Fellows (ALF) Programme.

**Avasara Academy** - This is a school in Pune, for girls aged between 12-18 years (6th - 9th grade), which follows the internationally recognised Cambridge curriculum. There are a total of 150 students in the academy. IndoStar has provided half-scholarships to 10 students and four-month scholarships to one student for the academic year 2016-17.

WE SELECTED FIVE NGOS TO HELP US EXECUTE VARIOUS PROJECTS IN THESE AREAS AND CHOSE PROJECTS THAT ARE AROUND MUMBAI AND PUNE, SO THAT WE COULD MONITOR THEM ON A REGULAR BASIS.

Avasara Leadership Fellows (ALF) -This programme is a selective, intensive, after-school enrichment programme for 8th and 9th standard Mumbai University girl students. It is held in the premises of the American Business School, Mumbai. All ALF fellows come from lowincome backgrounds. The programme runs from 3:30pm to 6:45pm, on Mondays to Fridays, and includes some weekend and holiday sessions too. It provides the students with a range of opportunities and experiences to develop their personal leadership style and achieve academic excellence. IndoStar had supported 75 students enrolled in this programme.

#### **POPULATION FIRST**

IndoStar, along with Population First, adopted 15 villages in Shahapur in the Thane district, with the intent to enhance the economic, social and political empowerment of women and girls in rural communities. This programme is known as Action for Mobilization of Community Health Initiatives (AMCHI).

The project activities include:

- Economic empowerment of women through livelihood initiative of vermi-composting.
- Political empowerment of women through strengthening of Mahila Gram Sabhas.
- Strengthening of women groups and village level monitoring committees to combat childhood malnutrition, increase the reach of ante-natal and post-natal care to promote healthy motherhood, engage school children to promote hygiene and sanitation at a personal, family and community level.

#### **SHELTER ASSOCIATES**

IndoStar, in association with Shelter Associates (SA), constructed 100 toilets in Ambedkar Nagar, Pune, under the 'One Home One Toilet program' (OHOT). SA developed a cost-sharing model for the OHOT scheme, where necessary construction material for building a toilet was provided at the doorstep while the beneficiaries constructed the toilet at their expense. Provision for a mason was facilitated, if required, and that cost was borne by the beneficiaries.

#### CENTRE FOR ENVIRONMENTAL RESEARCH AND EDUCATION (CERE)

IndoStar is providing financial assistance to CERE for setting up a rainwater harvesting project at Naigaon Police HQ near Dadar. This will facilitate access to clean drinking water and augment the present supply of water to 2,335 families at Naigaon Police HQ.

The Project envisages:

• Repair and recharge of 9 dry and defunct borewells.

- Creation of a rainwater harvesting system by digging percolation trenches so as to recharge dry, open wells and borewells.
- Creating awareness on water conservation and the project amongst the community residing and working at the Naigaon Police HQ.

•••

INDOSTAR, IN ASSOCIATION WITH SHELTER ASSOCIATES (SA), CONSTRUCTED 100 TOILETS IN AMBEDKAR NAGAR, PUNE, UNDER THE 'ONE HOME ONE TOILET PROGRAM' (OHOT).

# MANAGEMENT DISCUSSION AND ANALYSIS

### **Economy Overview**

#### GLOBAL

Global economic growth is projected to accelerate in 2017 as investment, manufacturing and trade are expected to rebound. Stronger activity and expectations of more robust global demand, coupled with agreed restrictions on oil supply, have helped commodity prices recover from their troughs in early 2016. Higher commodity prices have provided some relief to commodity exporters and helped lift global headline inflation and reduce deflationary pressures.

Global growth for the year 2016 stood at 3.1% and is projected to rise to 3.4% and 3.6% for the years 2017 and 2018, respectively. Activity in both advanced economies and emerging economies is forecast to accelerate in FY17-18. Advanced economies are estimated to grow by 2.0% in 2017 and 2.0% in 2018; this forecast will particularly remain uncertain in light of potential changes in the policy stance of the United States under the new administration. Emerging markets grew at 4.1% in 2016, and are projected to reach 4.5% for 2017 and 4.8% for 2018.

#### INDIA

The Indian economy is expected to embark on a higher economic growth trajectory in FY18, owing to proactive measures taken by the government as well as favourable economic conditions expected to prevail during the course of the year. The economy is also expected to expand on the back of increased government spending on infrastructure, a pick-up in private investment, a good monsoon and a surge in consumer spending, with pent up demand being satiated. The implementation of the Goods and Services Tax (GST) has the potential to spur the economy further. The outlook for the Indian economy looks positive with the economy expected to grow at more than 7.5% in FY18.

Inflation displayed a mixed picture in FY17. While CPI inflation moderated during the course of the year, from 5.4% in April 2016 to 3.8% in March 2017, aided by lower food prices, WPI inflation increased continuously during the year from 0.8% in April 16 to end the year at 5.7% in March 2017, with the increase in fuel and manufactured goods prices. In FY18, there is an upside risk to the inflation due to a possible increase in global crude oil prices and a firming up of commodities. Domestically, any disturbance in the spread of the monsoon or the impact of the 7th Pay Commission allowances could exert an upward pressure on the prices.

### **Financial Industry Overview**

India's diversified financial services sector is undergoing rapid expansion, both in terms of strong growth of existing financial services firms and new entities entering the market. The banking regulator has allowed the setting-up of small finance banks and payments banks, adding to the types of entities operating in the sector.

The financial services sector in India predominantly comprises banks, with commercial banks accounting for more than 64% of the total assets held by the financial system, although private players are gaining market share gradually. Non-Banking Financial Companies (NBFCs), particularly in Housing Finance and Micro Finance, have been growing fast and gaining market share. This is on the back of government initiatives such as 'Affordable Housing', 'Housing for All by 2022' and all-around development, which has created huge demand for credit in these segments. RBI, in its Financial Stability Report of June 2017, stated that the performance of NBFCs was relatively better than that of Public Sector Banks during 2016-17. The credit growth of scheduled commercial banks remained sluggish while the aggregate balance sheet of the NBFC sector expanded by 14.5%.

Several measures have been undertaken to liberalise, regulate and enhance these segments of the industry. The Government and Reserve Bank of India (RBI) have taken various measures to facilitate easy access to finance for Micro, Small and Medium Enterprises (MSMEs). These measures include launching of Credit Guarantee Fund Scheme for Micro and Small Enterprises, issuing guidelines to banks regarding collateral requirements, etc. With a combined push by both the government and private sector, India is undoubtedly one of the world's most vibrant markets for the financial services industry.

At a broader level, India is on a mission to reduce cash usage in the economy. This will potentially lead to improvement in credit access and financial inclusion, benefiting the growth of Small and Medium Enterprises (SMEs) over time. This would also reduce tax avoidance and money laundering due to the higher traceability of all the transactions, which will boost the tax base.

There has been a strong regulatory push for harnessing technology in the financial services sector.

Digitisation is changing the way the sector operates. The financial services sector has been one of the largest users of smartphone technology to drive and facilitate customer access and customer servicing. Due to digitisation, the sector has seen significant changes, such as improved customer experience, a reduction of costs for financial companies and customers and an increase in productivity. With more digital data available with banks, they can take data-driven decisions by using digital analytics. The increasing cashless transactions have enhanced transparency in the system and brought tax administration reforms to drive e-assessments.

#### DEMONETISATION

As an immediate consequence of demonetisation, growth in the NBFC sector moderated during the second half of FY 17. Most credit institutions saw a slowdown in fresh disbursements in November 2016 and a demand drop in December 2016. The impact was more for portfolios exposed to the retail segment, real estate, informal/self-employed segment and businesses with high cash dependence. Businesses with exposure to rural, commercial vehicles, two wheelers, gold and micro-finance institutions were adversely impacted. For rural India, the short-term adverse impact in November to December 2016 was significant due to issues relating to demonetisation of the Rupee. Strong agriculture output, higher Minimum Support

### •••

THE INCREASING CASHLESS TRANSACTIONS HAVE ENHANCED TRANSPARENCY IN THE SYSTEM AND BROUGHT TAX ADMINISTRATION REFORMS TO DRIVE E-ASSESSMENTS.

Prices (MSP) and a likely increase in government spending on rural infrastructure projects should benefit rural financiers in the medium term. As such, demonetisation did not have a significant impact on IndoStar's business. While the SME Loan business saw some impact on demand, and the payment ability of the borrowers was affected in the short-term, the repayment behaviour did not significantly change in the aftermath of demonetisation. SME's demand for credit was stable three months after the demonetisation announcement.

#### STRENGTHENING OF BANKRUPTCY LAW

The Bankruptcy Code has consolidated the existing framework and created a new institutional structure for fighting against bad loans. A new entity, the Insolvency and Bankruptcy Board of India, has been established to monitor the performance of insolvency agencies, insolvency professionals and information utilities, and pass any directions as may be required for compliance of the provisions of this Code and regulations issued thereunder.

Stressed assets in the banking system have reached unacceptably high levels and urgent measures are required for their resolution. The Reserve Bank of India has been given powers to identify specific bad loans and enforce quicker resolution, including giving orders to banks to take specific measures to deal with bad debts. Sale of assets, closure of non-profitable branches and reduction of overhead and business turnaround initiatives will be part of the resolution process.

#### EASE OF REPAYMENT THROUGH CASH

A new section, 269ST, was introduced in the last budget. It stated that cash payments/receipts of or over ₹ 2 lakh were made illegal and liable to attract a penalty. This created ambiguity as to whether the rule was applicable for a single instalment repayment or the entire repayment amount. But, the Income Tax department has now issued a clarification, stating that the prohibition of cash payments would only apply to repayment of a single loan instalment in cash and not to the aggregate amount. This will enhance the ability of NBFCs to accept partial or full loan repayments in cash, thus providing leeway on the collections front.

#### **NBFC INDUSTRY**

Non-banking finance companies (NBFCs) have scripted a great success story in the past few years. Their operating environment has been improving at a gradual pace. With the economy on the mend, loan disbursements have picked up in most segments, funding costs are coming down and several banks are facing capital constraints, giving NBFCs a foot in the door. In terms of financial assets, NBFCs have recorded a healthy growth at a CAGR of 19% over the past few years. They account for 13% of the total credit, which is expected to reach nearly 18% by 2018. With the on-going stress in the public sector banks due to mounting bad debt, their appetite to lend (especially in rural areas) is likely to reduce, thereby providing opportunities for NBFCs to increase their presence.

The success of NBFCs can be clearly attributed to their better product design, lower cost, wider and more effective reach, strong risk management capabilities to check and control bad debts, and a better understanding of their customer segments. In addition to showing strength in their traditional bastions (passenger and commercial vehicle finance), they have also managed to build substantial assets under management (AUM) in housing and personal loans. Going forward, the credit demands of an emerging India will create room for NBFCs to fill the gap, especially where traditional banks have been wary to serve. Additionally, improving macro-economic conditions, higher credit penetration, increased consumption and disruptive digital trends will allow NBFC's credit to grow at a healthy rate of 7–10% (real growth rate) over the next few years.

Driven by higher disposable incomes through increased effectiveness of government schemes and the 7th Pay Commission, there is healthy growth potential in the consumer finance segment. On the SME front, business and professional loans also seem to be on a growth trajectory.

#### NON-PERFORMING ASSET (NPA)

The quality of assets of the financial services sector has been deteriorating since 2012. However, the NPAs of NBFCs remained relatively lower than the NPAs of the banking sector. RBI norms are getting more stringent and focused on keeping the portfolio quality healthy.

#### **GOVERNMENT INITIATIVES**

National Housing Bank will refinance individual housing loans of about ₹ 200 billion in 2017-18. This will positively impact housing finance companies in line with the policy objectives of Housing for All by 2022.

- The government has allowed 100% FDI in 'other financial services' carried out by NBFCs, continuing with the liberalisation of the overseas investments regime. Other financial services will include activities which are regulated by any financial sector regulator RBI, SEBI, IRDA, PFRDA and National Housing Bank.
- Profit-linked income tax deduction for promotion of affordable housing, carpet area instead of built-up area of 30 and 60 sq. mtr. will be counted, thus making it more attractive.
- Increased allocation under MUDRA loans to ₹ 2.44 trillion to support small entrepreneurs.
- Affordable housing has been given Infrastructure status, which will provide a further push for the sector as developers will now be able to gain access to preferential and lower borrowing rates from banks.
- Allocation under Pradhan Mantri Awas Yojna Gramin has been increased to ₹ 230 billion in FY18 from ₹ 150 billion in FY17. This is to cater to the housing needs of the mid-income group, besides the economically weaker sections and low-income group.

#### **REGULATORY INITIATIVES**

- Efforts were made to further improve the quality of the Central Repository of Information on Large Credits (CRILC) data by modifying its reporting mechanism with respect to external ratings and industry.
- The Business Correspondent model, which has been at the heart of financial inclusion efforts by the Reserve Bank, has been scaled up further to expand its outreach to remote rural areas through registry, certification and training.
- Following the 'Payment and Settlement Systems in India – Vision 2018,' payment infrastructure will be stepped up to address the five Cs, namely Coverage, Convenience, Confidence, Convergence and Cost.
- To address customer services related concerns in the non-banking segment, the Reserve Bank will also take up the issue of designing an appropriate ombudsman scheme for NBFCs.

### **Growth Drivers for NBFCs**

#### **SME SECTOR**

The Small and Medium Enterprises (SME) sector is the backbone of the national economic structure and has unremittingly acted as the bulwark for the Indian economy. The sector has consistently maintained a growth rate of over 10%. About 55.3% of the SMEs are based out of rural areas, which indicate the deployment of significant rural workforce in the SME sector.

While SMEs are vital in integrating any economic system in society, they face several challenges, the most prominent amongst them being the availability of low-cost and timely finances for growth and expansion. For SMEs to grow and compete with corporates, all they need is newer and competitive sources of financing apart from traditional sources.

The Government has prioritised its focus towards the rural economy through schemes like MNREGA, Pradhan Mantri Gram Sadak Yojna, Deen Dayal Upadhyaya Grameen Kaushalya Yojna, and Pradhan Mantri Kaushal Vikas Yojna. These, along with flagship schemes like Make in India and Digital India initiatives, are also leading the effort to tap the potential of SMEs. The vision is to help increase the SMEs' share of GDP to 20-25% by 2025 from 17% as of now. These initiatives are expected to help overcome awareness barriers, technological hurdles, funding and training obstacles that confront the SME sector.

#### HOUSING SECTOR

The Housing Finance sector's resilience has much to do with strong asset quality with gross non-performing assets as low as 0.8%. This has enabled Housing Finance companies (HFC) to maintain low credit costs. Coupled with low operating expenses, it has helped keep profitability steady with the return on assets (RoA) at 2.1%.

The mortgage segment witnessed some disruption due to demonetisation, with Developer Financing and Loan Against Property (LAP) segments affected by a slowdown in growth over the near to medium term. In the LAP segment, there were concerns on risk build-up due to a potential drop in property prices, but these seem to have abated.

Going forward, Government policies are expected to play a big role in improving the prospects of housing sector as low cost ( $<\overline{\mathbf{T}}$  200k/unit) rural housing construction has already doubled to 2.5m units per year. At the same time, urban social-housing construction is set to pick up momentum from CY17. On a broader canvas, the Pradhan Mantri Awas Yojana (PMAY), a credit linked subsidy scheme (CLSS) to support affordable ( $\overline{\mathbf{T}}$  0.2-0.5m) housing construction is expected to also gain traction by late FY18 or early FY19.

CLSS scheme will be beneficial for economically weaker section (EWS) and low income group (LIG) home buyers availing a 20year loan of ₹ 12 lakh and ₹ 6 lakh & below as the reduction in their EMI could be up to ~22% and ~45%, respectively. Thus, the effective interest paid on a home loan could be significantly lower for some categories. This would substantially increase the incentive for home buyers.

IndoStar Home Finance Private Limited, 100% subsidiary of IndoStar Capital, in line with the government's agenda will be focussing on Affordable Housing Finance while providing other Home Finance products under its gamut of offerings.

WE AT INDOSTAR OFFER CUSTOMISED LOANS TO SMES TO SUIT THEIR CREDIT REQUIREMENT. OUR LOANS ARE USUALLY OF LONGER TENURE SO THAT THE BORROWER CAN CONCENTRATE ON BUSINESS GROWTH WITHOUT STRAINING ITS PROFITS.

#### •••

THE COMPANY IS OPTIMISTIC ABOUT THE ASSET FINANCE AND HOME FINANCE SECTORS AND SEES SIGNIFICANT OPPORTUNITIES IN THIS SPACE. INDOSTAR PROPOSES TO COMMENCE ASSET FINANCE OPERATIONS AND HOME LOAN OPERATIONS BY H2 FY18.

## **Opportunities and Threats**

#### **OPPORTUNITIES**

- Stance for economic development in India continues to be strong, leading to opportunities for growth in the NBFC space
- Government promoted initiatives like 'Housing for All by 2022' and 'Affordable Housing' will accelerate the pace of growth further
- Tapping un-banked areas through deeper distribution reach with local talent

#### THREATS

- The limit imposed for cash transaction by the regulator could become a constraint
- Finance sector is becoming very competitive with several new entrants
- If the economic environment is subdued, it could adversely affect business activities
- A deceleration in the fund flows in the economy could also play dampener

#### OUTLOOK

For a large and diverse country such as India, ensuring financial access to fuel growth and entrepreneurship is critical. This presents a strategic opportunity for NBFCs to ensure sustainable growth over a long term. Government's push and reforms in the core sector will unlock opportunities for financial inclusion and employment opportunities. With the objective of achieving all round growth within the economy, NBFC's will cater to the huge untapped opportunities in the financial system.

The reach of NBFCs, along with their strong understanding of the market, can help them position themselves as a better alternative to the traditional ways of banking. Furthermore, the Indian consumer is increasingly adopting digital as a way of daily life. India is currently the second biggest smartphone market, with a user base of 220 million, and is expected to cross 300 million users by 2017. Further, with the launch of the Digital India programme, a flagship programme of the Government of India to digitally empower society, NBFCs will have to find ways to serve the millennial customers through digital means.

IndoStar endeavours to maintain its track record of healthy growth and enhance rewards and profitability, meeting the expectations of its various stakeholders.

### •••

THE COMPANY HAS INSTITUTED A ROBUST ENTERPRISE-WIDE RISK MANAGEMENT FRAMEWORK FOR ITS LOAN PORTFOLIO AND HAS ADOPTED PRUDENT RISK MANAGEMENT POLICIES TO SAFEGUARD ALL ITS STAKEHOLDERS' INTERESTS.

#### **RISK MANAGEMENT**

The Company has instituted a robust enterprise-wide risk management framework for its loan portfolio and has adopted prudent risk management policies to safeguard all its stakeholders' interests. KYC policy, Anti-Money Laundering Policy, Investment & Loans Policy, Underwriting Risk Guidelines, Interest Rate Policy and Fair Practice Code are some of the risk management policies that have been implemented. The Company has also constituted committees like Risk Management Committee, Credit Committee, Asset Liability Management Committee (ALCO) and Audit Committee.

All credit proposals for corporate lending are pre-screened by the management committee before consideration of the credit committee. The Company follows well-defined criteria for the sanction of loans including assessing track record and borrowing capacity of borrowers, credit history of borrowers, quality of collaterals and external credit ratings.

For retail and SME lending, the Company follows the product programme guideline approach, which contains the credit underwriting parameters. The target customer segments, target markets, loan eligibility criteria, deviation matrix, review triggers are all defined in this document. These are implemented through 'OmniFin' technology platform.

Various kinds of risks and treatment plans are outlined below:

#### **Operational Risk:**

Operational risk is the prospect of loss resulting from inadequate or failed processes, people, and systems or from external events.

#### **Risk Mitigation:**

A cohesive technology system across operational verticals is helping the Company in achieving seamless centralised operations across its network. A well-defined credit policy, along with Standard Operating Processes (SOP) also helps in managing operational risk. Regular internal audits ensure establishment of sound operational practices.

#### **Credit Risk:**

Credit risk refers to the possibility of loss due to a borrower's failure to make payments on any type of debt.

#### **Risk Mitigation:**

The senior team at IndoStar is actively involved in the credit process to protect the Company's loan asset portfolio. The loan approval process involves origination and sourcing of business, credit appraisal and credit approval by various committees. Credit authority delegation is administered through the OmniFin System and hence the process is tightly controlled. Further, there is a robust portfolio review mechanism to identify and address credit risks at early stage.

#### •••

FOR RETAIL AND SME LENDING, THE COMPANY FOLLOWS THE PRODUCT PROGRAMME GUIDELINE APPROACH, WHICH CONTAINS THE CREDIT UNDERWRITING PARAMETERS. THE TARGET CUSTOMER SEGMENTS, TARGET MARKETS, LOAN ELIGIBILITY CRITERIA, DEVIATION MATRIX, REVIEW TRIGGERS ARE ALL DEFINED IN THIS DOCUMENT.

#### Liquidity Risk:

Funding risk is a form of liquidity risk, which arises when the liquidity needed to fund illiquid asset positions cannot be achieved at the expected terms, as and when required. Unavailability of funds at lower cost could affect profitability and lack of adequate funds could impact the business as a whole.

#### **Risk Mitigation:**

IndoStar has kept pace with the developing regulatory norms and maintained the key financial ratios in line with regulatory requirements. A mix of strong capital position, adequate medium / long term borrowings, good credit rating resulting in debt capital market access and availability of lines of credit from a large number of banks ensures that the Company is able to meet its liquidity requirements comfortably.

#### **Interest Rate Volatility:**

Fluctuations in interest rates could adversely affect borrowing costs, interest income and net interest margins of companies in the financial sector.

#### **Risk Mitigation:**

Being well funded with a strong shareholder base, IndoStar is in a position to tide over such spells.

#### **INTERNAL CONTROL SYSTEMS**

IndoStar has established thorough internal control systems to monitor and check if all financial statements are issued with complete integrity and reliability. The senior management is fully involved in prudent lending and due diligence exercises to protect the Company's loan asset portfolio. The loan approval process involves origination and sourcing of business, credit appraisal and credit approval by various committees, including the Credit Committee, Risk Management Committee and so on. There are maker-checker controls built in for all loan approval and disbursement processes

The Company has appointed KPMG as its internal auditor to conduct comprehensive audits of functional areas and operations to examine the adequacy of, and compliance with policies, plans and statutory requirements. IndoStar also conducts monthly concurrent audits of its SME business for effective controls and to oversee operations on a continuous basis.

The Company has adequate internal control systems and procedures covering all financial and operating functions commensurate with the size and nature of operations. Continuous efforts are being made to see that the controls are designed to provide a reasonable assurance with regard to maintaining of accounting controls and protecting assets from unauthorised use or losses. The Audit Committee looks into all internal control aspects and advices corrective actions, as and when required.

The internal control system has been developed to ensure accurate and reliable financial reporting and preparation of financial statements in accordance with applicable laws, regulations and generally accepted accounting principles.

#### **CAUTIONARY STATEMENTS**

#### c. Manner in which the amount spent during the Financial Year is detailed below:

# 6. In case the Company has failed to spend the 2% of the average net profit of the last three financial years or any part thereof, the Company shall provide the reasons for not spending the amount in its Director's Report:

Your Company exercises prudence in selecting projects and implementation partners for fulfilling its CSR objectives. The Company had for the Financial Year 2016 - 17, evaluated and identified projects / programs / organisation for the CSR expenditure. However, the fund requirement of the evaluated and identified projects / programs / organisation was tied up for the Financial Year 2016 - 17 and hence the Company could not contribute the entire 2% of the average net profit of the last three financial years.

The Company has hired a professional CSR consultant in order to effectively identify credible projects / NGO's where the Company can contribute towards its social responsibilities. With the assistance of the external consultant your Company has been able to put in place strong institutional arrangements to engage into robust partnerships with other corporate / non-corporate foundations. Your Company will continue its process of exploring various projects & programs for its CSR contribution and strive to deliver maximum impact to society.

#### 7. Responsibility statement of the CSR Committee that the implementation and monitoring of the CSR Policy, is in compliance with CSR objectives and Policy of the Company:

The CSR Committee confirms that the implementation and monitoring of the CSR Policy is in compliance with the CSR Objectives and Policy of the Company.

#### The Members of INDOSTAR CAPITAL FINANCE LIMITED

#### **Report on the Financial Statements**

We have audited the accompanying standalone financial statements of IndoStar Capital Finance Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2017, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

# Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2017, its profit, and its cash flows for the year ended on that date.

#### **Report on Other Legal and Regulatory Requirements**

- 1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by section 143 (3) of the Act, we report that:

# ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF INDOSTAR CAPITAL FINANCE LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

### То

### The Members of INDOSTAR CAPITAL FINANCE LIMITED

We have audited the internal financial controls over financial reporting of IndoStar Capital Finance Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

# ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF INDOSTAR CAPITAL FINANCE LIMITED

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## 1. Corporate Information

IndoStar Capital Finance Limited ('the Company') was incorporated on 21st July 2009. The Company is registered with the Reserve Bank of India (RBI) as a Non-Banking Financial Company vide Certificate No. N-13.02109. The Company is primarily engaged in Lending business.

### 2. Basis of preparation

The financial statements have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP) under the historical cost convention on an accrual basis in compliance with all material aspects of the Accounting Standards (AS) notified under Section 133 of the Companies Act 2013 ('the Act'), read together with paragraph 7 of the Companies (Accounts) Rules 2014 and the directions issued by Reserve Bank of India (RBI) as applicable to Non Banking Finance Company (NBFC). The accounting policies have been consistently applied by the Company and are consistent with those used in the previous year.

#### 2.1 Significant Accounting Policies

#### (a) Presentation and disclosure of financial statements

The Company has classified all its assets / liabilities into current / non-current portion based on the time frame of twelve months from the date of financial statements. Accordingly, assets / liabilities expected to be realised / settled within twelve months from the date of financials statements are classified as current and other assets / liabilities are classified as non current.

#### (b) Use of estimates

The preparation of financial statements are in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revisions to the accounting estimates are recognised prospectively in the current and future years.

### (c) Tangible/Intangible Fixed Assets, Depreciation/Amortisation and Impairment Tangible Fixed Assets

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use.

#### Depreciation on tangible fixed assets

Depreciation is provided on Straight Line Method ('SLM'), which reflects the management's estimate of the useful life of the respective fixed assets and are greater than or equal to the corresponding useful life prescribed in Schedule II of the Act. The estimated useful life used are as follows:

Particulars	Estimated useful life by the Company	Useful life as prescribed by Schedule II of the Companies Act, 2013
Furniture and Fixtures	5 Years	10 Years
Office Equipments	5 Years	5 Years
Office Equipments - Mobiles	2 Years	5 Years
Computers	3 Years	3 Years
Servers and networks	5 Years	6 Years

Useful life of assets different from prescribed in Schedule II has been estimated by management and supported by technical assessment.

Leasehold improvement is amortised on Straight Line Method over the lease term.

Depreciation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of profit and loss till the date of sale.

forming part of the financial statements for the year ended March 31, 2017

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

#### **Intangible assets**

Costs relating to acquisition and development of computer software are capitalized in accordance with the AS 26 'Intangible Assets' issued by the Institute of Chartered Accountants of India ('ICAI') and are amortised using the straight line method over a period of 3 years, which is the management's estimate of its useful life.

#### Impairment of assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

#### (d) Investments

Investments intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. Commercial papers are valued at carrying cost. However, provision for diminution in value is made to recognise a decline, other than temporary, in the value of the investments. Unquoted investments in units of mutual funds are stated at net asset value. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

#### (e) Provisioning / Write-off of assets

Non performing loans are written off / provided as per the minimum provision required under the Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 dated September 01, 2016 ('RBI Master Directions, 2016'). Pursuant to the RBI Master Directions, 2016, the Company has revised its recognition norms of Non- Performing Assets (NPA) from 150 days to 120 days.

Provision on standard assets is made as per management estimates and is more than as specified in the RBI Master Directions, 2016.

#### (f) Loans

Loans are stated at the amount advanced and expenses recoverable, as reduced by the amounts received up to the balance sheet date.

#### (g) Leases

#### Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of profit and loss account on a straight-line basis over the lease term.

## (h) Foreign currency translation

### Initial recognition

Transactions in foreign currency entered into during the year are recorded at the exchange rates prevailing on the date of the transaction.

#### Conversion

Monetary assets and liabilities denominated in foreign currency are translated in to Rupees at exchange rate prevailing on the date of the Balance Sheet.

#### **Exchange differences**

All exchange differences are dealt with in the Statement of profit and loss account.

#### (i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

forming part of the financial statements for the year ended March 31, 2017

- i. Income from financing and investing activities is recognised on accrual basis, except in case of income on non-performing assets, which is recognised on receipt basis.
- ii Interest income on fixed income debt instruments such as certificate of deposits, nonconvertible debentures and commercial papers are recognised on a time proportion basis taking into account the amount outstanding and the effective rate applicable. Discount, if any, is recognised on a time proportion basis over the tenure of the securities.
- iii Interest income on fixed deposits is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- iv Interest income on loan portfolio buyout is recognised on accrual basis at the agreed rate of interest on the diminishing balance of outstanding loan.
- v Dividend is recognised as income when right to receive payment is established.
- vi Profit/loss on the sale of investments is determined on the basis of the weighted average cost method.
- vii Origination fees is recognised as income on signing of the binding term sheet by the client.
  Part of the origination fees is recognised upfront based on the management estimate and the balance fee is amortised over the tenure of the loan.
- viii Syndication fee and other fees are recognised as income when a significant portion of the arrangement is completed.

## (j) Retirement and other employee benefits Provident Fund

All the employees of the Company are entitled to receive benefits under the Provident Fund, a defined contribution plan in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future Provident Fund benefits other than its annual contribution and recognises such contributions as an expense in the year it is incurred.

### Gratuity

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated year mentioned under 'The Payment of Gratuity Act, 1972'. The Company accounts for liability of future gratuity benefits based on an external actuarial valuation on projected unit credit method carried out for assessing liability as at the reporting date.

#### Leave Encashment

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method as at the reporting date.

Actuarial gains/losses are immediately taken to Statement of profit and loss account and are not deferred.

#### (k) Income tax

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying cost of the deferred tax assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

## (l) Segment reporting

The Company is engaged in loan / financing activities. It operates in a single business and geographical segment.

## (m) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

## (n) Provisions

A provision is recognised when the Company has a present obligation as a result of past event; it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

## (o) Cash and cash equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand, cheques on hand, remittances in transit.

## (p) Borrowing costs

Borrowing cost includes interest and are charged to the Statement of Profit & Loss in the year in which they are incurred. Ancillary and other borrowing costs are amortised over the tenure of the underlying loan on straight line basis.

## (q) Employee stock compensation costs

Measurement and disclosure of the employee share-based payment plans is done in accordance with Securities And Exchange Board Of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on Accounting for Employee Sharebased Payments, issued by ICAI. In accordance with the Guidance Note on Accounting for Employee Share-based Payments, the cost of equity-settled transactions is measured using the intrinsic value method.

## (r) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

forming part of the financial statements for the year ended March 31, 2017

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

The company measures the cost of ESOP using the intrinsic value method. Had the company used the fair value model to determine compensation, its profit after tax and earnings per share as reported would have changed to the amounts indicated below:

Particulars	For the year ended March 31, 2017	For the year ended March 31, 2016

## **INDEPENDENT AUDITOR'S REPORT**

То

#### The Members of INDOSTAR CAPITAL FINANCE LIMITED

#### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of IndoStar Capital Finance Limited (hereinafter referred to as "the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") comprising of the consolidated Balance Sheet as at March 31, 2017, the consolidated Statement of Profit and Loss and consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements").

## Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirement of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Group, as at March 31, 2017, their consolidated profit, and their consolidated cash flows for the year ended on that date.

#### **Report on Other Legal and Regulatory Requirements**

As required by section 143 (3) of the Act, we report, to the extent applicable, that:

- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements except as given in para g (iv) below;
- (b) In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books;
- (c) The consolidated Balance Sheet, consolidated Statement of Profit and Loss, and consolidated Cash Flow Statement

dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;

- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules;
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary companies incorporated in India, none of the directors of the Group's companies, incorporated in India is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, associate companies and jointly controlled companies incorporated in India, refer to our separate report in "Annexure 1" to this report;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - The consolidated financial statements disclose the impact of pending litigations on its consolidated financial position of the group – Refer Note 26 to the consolidated financial statements;
  - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts.

- There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries incorporated in India.
- iv. The Holding Company, subsidiaries incorporated in India have provided disclosures in Note 29 in the consolidated financial statements as to the holding of Specified Bank Notes on November 8, 2016 and December 30, 2016 as well as dealings in Specified Bank Notes during the period from November 9, 2016 to December 30, 2016. Based on our audit procedures and relying on the management representation regarding to the holding and nature of cash transactions, including those in Specified Bank Notes, we report that these disclosures are in accordance with the books of accounts maintained by the Company and as produced to us by the management. However, as stated in note 29 in the financial statements, the borrowers of the Company have directly deposited cash in the Company's bank accounts and we report that we were not made available sufficient appropriate audit evidence regarding denomination wise details of such deposits, details of which, as represented to us, are not available with the Company

# ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDOSTAR CAPITAL FINANCE LIMTED

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of IndoStar Capital Finance Limited as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of IndoStar Capital Finance Limited (hereinafter referred to as the "Holding Company") and its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, as of that date.

## Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding Company, its subsidiary companies, its associate companies and jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by Institute of Chartered Accountants of India, and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion
# ANNEXURE 1 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDOSTAR CAPITAL FINANCE LIMTED

or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

forming part of the consolidated financial statements for the year ended March 31, 2017

## 1. Basis of preparation

The Consolidated financial statements relates to M/s. IndoStar Capital Finance Limited (the company), its subsidiary companies. The company, its subsidiary companies constitute the group. The financial statements have been prepared in conformity with generally accepted accounting principles to comply in all material respects with the notified Accounting Standards ('AS') under provisions of the Companies Act, 2013 ('the Act') and the directions issued by the Reserve Bank of India ('RBI') as applicable to a Non Banking Finance Company ('NBFC'). The financial statements have been prepared under the historical cost convention on an accrual basis. The accounting policies have been consistently applied by the group and are consistent with those used in the previous year. The complete financial statements have been prepared along with all disclosures.

## 2. Basis of Consolidation

- i The financial statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as of the company i.e. year ended March 31, 2017 and are prepared based on the accounting policies consistent with those used by the company.
- ii. The financial statements of the group have been prepared in accordance with the AS 21- 'Consolidated Financial Statements' in consolidated financial statements, notified under the provisions of the Companies Act, 2013 (the 'Act') and other generally accepted accounting principles in India.
- iii. The consolidated financial statements have been prepared on the following basis :
  - 1 The financial statements of the company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The intra-group balances and intra-group transactions have been fully eliminated except where losses are realised.
  - 2 The excess of cost to the company of its investments in the subsidiary companies over its share of equity of the subsidiary companies, at the dates on which the investments in the subsidiary companies are made, is recognised as 'Goodwill' being an asset in the consolidated

financial statements. Alternatively, where the share of equity in the subsidiary companies as on the date of investment is in excess of cost of investment of the company, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus', in the consolidated financial statements.

- 3 Minority interest, if any, in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the company in the subsidiary companies and further movements in their share in the equity, subsequent to the dates of investments as stated above.
- iv. The subsidiary company IndoStar Asset Advisory Private Limited (IAAPL) and IndoStar Home Finance Private Limited (IHFPL) are 100% subsidiaries of IndoStar Capital Finance Limited and same is considered for preparation of consolidated financial statements.

## 2.1 Significant Accounting Policies

## (a) Presentation and disclosure of financial statements

The Company has classified all its assets / liabilities into current / non-current portion based on the time frame of twelve months from the date of financial statements. Accordingly, assets / liabilities expected to be realised / settled within twelve months from the date of financials statements are classified as current and other assets / liabilities are classified as non current.

## (b) Use of estimates

The preparation of financial statements are in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revisions to the accounting estimates are recognised prospectively in the current and future years.

### (c) Tangible/Intangible Fixed Assets, Depreciation/Amortisation and Impairment

#### **Tangible Fixed Assets**

Fixed assets are stated at cost less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Borrowing costs relating to acquisition of fixed assets which takes substantial period of time to get ready for its intended use are also included to the extent they relate to the year till such assets are ready to be put to use.

#### Depreciation on tangible fixed assets

Depreciation is provided on Straight Line Method ('SLM'), which reflects the management's estimate of the useful life of the respective fixed assets and are greater than or equal to the corresponding useful life prescribed in Schedule II of the Act. The estimated useful life used are as follows:

Particulars	Estimated useful life by the Company	Useful life as prescribed by Schedule II of the Companies Act, 2013	
Furniture and Fixtures	5 Years	10 Years	
Office Equipments	5 Years	5 Years	
Office Equipments - Mobiles	2 Years	5 Years	
Computers	3 Years	3 Years	
Servers and networks	5 Years	6 Years	

Useful life of assets different from prescribed in Schedule II has been estimated by management and supported by technical assessment.

Leasehold improvement is amortised on Straight Line Method over the lease term.

Depreciation on assets acquired/sold during the year is recognised on a pro-rata basis to the Statement of profit and loss till the date of sale.

Gains or losses arising from derecognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

#### **Intangible assets**

Costs relating to acquisition and development of computer software are capitalized in accordance with the AS 26 'Intangible Assets' issued by the Institute of Chartered Accountants of India ('ICAI') and are amortised using the straight line method over a period of 3 years, which is the management's estimate of its useful life.

#### Impairment of assets

The carrying amount of assets is reviewed at each balance sheet date if there is any indication of

impairment based on internal/external factors. An impairment loss is recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets, net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

#### (d) Investments

Investments intended to be held for not more than a year are classified as current investments. All other investments are classified as long term investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. Commercial papers are valued at carrying cost.

forming part of the consolidated financial statements for the year ended March 31, 2017

However, provision for diminution in value is made to recognise a decline, other than temporary, in the value of the investments. Unquoted investments in units of mutual funds are stated at net asset value. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

### (e) Provisioning / Write-off of assets

Non performing loans are written off / provided as per the minimum provision required under the Master Direction - Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 dated September 01, 2016 ('RBI Master Directions, 2016'). Pursuant to the RBI Master Directions, 2016, the Company has revised its recognition norms of Non- Performing Assets (NPA) from 150 days to 120 days.

Provision on standard assets is made as per management estimates and is more than as specified in the RBI Master Directions, 2016.

### (f) Loans

Loans are stated at the amount advanced and expenses recoverable, as reduced by the amounts received up to the balance sheet date.

### (g) Leases

Where the Company is the lessee

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of profit and loss account on a straight-line basis over the lease term.

### (h) Foreign currency translation

### Initial recognition

Transactions in foreign currency entered into during the year are recorded at the exchange rates prevailing on the date of the transaction.

### Conversion

Monetary assets and liabilities denominated in foreign currency are translated in to Rupees at exchange rate prevailing on the date of the Balance Sheet.

## **Exchange differences**

All exchange differences are dealt with in the Statement of profit and loss account.

#### (i) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

- i Income from financing and investing activities is recognised on accrual basis, except in case of income on non-performing assets, which is recognised on receipt basis.
- ii Interest income on fixed income debt instruments such as certificate of deposits, non-convertible debentures and commercial papers are recognised on a time proportion basis taking into account the amount outstanding and the effective rate applicable. Discount, if any, is recognised on a time proportion basis over the tenure of the securities.
- iii Interest income on fixed deposits is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.
- iv Interest income on loan portfolio buyout is recognised on accrual basis at the agreed rate of interest on the diminishing balance of outstanding loan.
- v Dividend is recognised as income when right to receive payment is established.
- vi Profit/loss on the sale of investments is determined on the basis of the weighted average cost method.
- vii Origination fees is recognised as income on signing of the binding term sheet by the client. Part of the origination fees is recognised upfront based on the management estimate and the balance fee is amortised over the tenure of the loan.
- viii Management fees are recognised on accrual basis as per the terms of the agreement.
- ix Syndication fee and other fees are recognised as income when a significant portion of the arrangement is completed.

## (j) Retirement and other employee benefits Provident Fund

All the employees of the Company are entitled to receive benefits under the Provident Fund, a defined contribution plan in which both the employee and

forming part of the consolidated financial statements for the year ended March 31, 2017

the Company contribute monthly at a stipulated rate. The Company has no liability for future Provident Fund benefits other than its annual contribution and recognises such contributions as an expense in the year it is incurred.

#### Gratuity

The Company provides for the gratuity, a defined benefit retirement plan covering all employees. The plan provides for lump sum payments to employees upon death while in employment or on separation from employment after serving for the stipulated year mentioned under 'The Payment of Gratuity Act, 1972'. The Company accounts for liability of future gratuity benefits based on an external actuarial valuation on projected unit credit method carried out for assessing liability as at the reporting date.

#### **Leave Encashment**

Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation. The actuarial valuation is done as per projected unit credit method as at the reporting date.

Actuarial gains/losses are immediately taken to Statement of profit and loss account and are not deferred.

### (k) Income tax

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Indian Income Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised.

The carrying cost of the deferred tax assets are reviewed at each balance sheet date. The Company writes down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realised. Any such write down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

### (l) Segment reporting

The Company is engaged in loan / financing activities. It operates in a single business and geographical segment.

#### (m) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### (n) Provisions

A provision is recognised when the Company has a present obligation as a result of past event; it is probable that outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

## (o) Referral Fees

Referral fees expenses to the distributors is amortised over the term of fund.

#### (p) Cash and cash equivalents

Cash and cash equivalents in the cash flow statement comprise cash at bank and in hand, cheques on hand, remittances in transit.

#### (q) Borrowing costs

Borrowing cost includes interest and are charged to Profit & Loss in the year in which they are incurred. Ancillary and other borrowing costs are amortised over the tenure of the underlying loan on straight line basis.

forming part of the consolidated financial statements for the year ended March 31, 2017

### (r) Employee stock compensation costs

Measurement and disclosure of the employee share-based payment plans is done in accordance with Securities And Exchange Board Of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on Accounting for Employee Sharebased Payments, issued by ICAI. In accordance with the Guidance Note on Accounting for Employee Share-based Payments, the cost of equity-settled transactions is measured using the intrinsic value method.

### (s) Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Expected life of options granted in years	4	4	NA	NA	5	3	3	5	4	5	5	5	5

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

The company measures the cost of ESOP using the intrinsic value method. Had the company used the fair value model to determine compensation, its profit after tax and earnings per share as reported would have changed to the amounts indicated below:

Particulars	For the year ended March 31, 2017	For the year ended March 31, 2016
